Health Care Agent Appointment (Medical Power of Attorney)

I, _____, make this my Health Care Agent appointment (also called Medical
Power of Attorney). I am of sound mind. If the time comes when I can no longer take part in decisions
about my health, these instructions should be used to follow my wishes.

This Health Care Agent appointment is effective only if I am unable to make my own medical or mental
health care decisions. It will remain in effect unless I cancel this appointment or my Health Care Agent
wants to stop being my agent. I can cancel this appointment at any time and in any manner that
states my wish. If a mental health decision must be made, there will be a 30-day delay after I state my
wish to cancel the appointment.

Choose one Philosophy of Health Care

____ I believe as long as there is life there is hope. I want any and all treatments offered to me to
continue my life. I am willing to accept the effects of all of treatment used. This may include life
with a feeding tube, dialysis, or life on a breathing machine if I am unable to breathe on my
own. I am willing to live in a constant vegetative state.

____ I am willing to undergo many tests, surgery, and short-term breathing machine treatment in an
effort to continue my life. If the time should come when there is no reasonable hope of my
recovery from physical disability or terminal illness, I request that I be allowed to die and not be
kept alive by artificial means or "heroic measures."
I ask that then medicine be given only to ease suffering even though this may allow my death to
occur.

____ I do NOT want to undergo many tests, surgery, or short-term treatment on a breathing machine
in an effort to continue my life. I only want basic medical care, such as treatment for infections
and minor surgeries for a condition that can be helped or to control pain. If my condition gets
worse or there is no hope for my recovery, I ask that medicine be given to ease suffering even
though this may allow my death to occur.

____ Comfort is my main concern. I have received the news that my condition cannot be cured. I now
choose only to be kept comfortable.

____ Other: I want the following care types of care:
