**Misc Info:**

**A medical home is a trusting partnership between a doctor-led health care team and an informed patient. The Patient Centered Medical Home concept includes an agreement between the doctor and the patient that acknowledges the role of each in a total health care program.**

**Insurance Participation**

We participate in many health plans. Some health plans have broader coverage for preventive care than others; some plans offer more choices. We encourage you to become familiar with your health plan coverage.

**Lab Test Results**

All patients will receive notification of test results, both normal and abnormal. Notification will take the form of postcards and/or phone calls and will occur within 48 hours of the ordering physician's review of the test results.

**Patient Centered Medical Home**

*Your doctor, your relationship*

Together we can end every visit with clear instructions about expectations, treatment goals, and future care plans!
