**UNDERSTANDING YOUR BENEFITS AND PAYMENT POLICIES**

Patients should review their insurance benefits or contact their insurance providers to determine what their policies will pay and what out-of-pocket expenses they may incur based on the location of the services provided.

No patient will ever be denied access to care based on their ability to pay for any non-elective care or emergency care.

Elective testing and procedures will also proceed regardless of the ability to pay, as long as the patient agrees to work with McLaren to set up a payment plan to cover their financial responsibility associated with that care.

Additionally, the physician or other advanced practitioner who ordered the test or procedure will be the ultimate decision-maker for determining if any test or procedure can be rescheduled.
