**Developmental Questions and Observations**

Ask the parent to respond to the following statements about the toddler:

Yes No

Please tell me any concerns about the way your toddler is behaving or developing.

My toddler likes to be with me.

My toddler is interested in people, places and things.

My toddler shows different feelings.

My toddler drinks from a cup.

My toddler eats a variety of foods.

My toddler can make sounds.

My toddler pulls self to standing position.

Ask the parent to respond to the following statements:

Yes No

I am sad more often than I am happy.

I have people who help me when I get frustrated with my toddler.

I am enjoying my time with my toddler.

I have time for myself, partner and friends.

I feel safe with my partner.

Provider to follow up as necessary

**Developmental Milestones**  
 Always use parents if they have concerns about development or behavior. (You may use the following screening list, or a standardized developmental instrument or screening tool. Test level: \_\_\_\_\_)

Toddler Development		Parent Development	
Yes	No	Yes	No
Stands alone 2 seconds or more		Appropriately disciplines toddler	
Walks with help		Positively talks, listens, and responds to toddler	
Says "Dada" or "Mama" specifically		Parent is loving toward toddler	
Responds to No		Uses words to tell toddler what is coming next	
Proctor pincer grasp			
Indicates wants by pointing or gestures			
Is able to transition from one activity to another throughout the day			
Appears to have a secure, attached relationship with parent			

Please note: Parent developmental expectations are recommended when a clinician suggests a delay or abnormality, especially when the opportunity for continuing observation is not anticipated. Adapted from: Guidelines for Health Supervision of Infants, Toddlers, and Adolescents
