

Nationally Accredited

The Breast Care Center at McLaren Greater Lansing is fully accredited by the National Accreditation Program for Breast Centers (NAPBC), and is one of the first programs to achieve that status in mid-Michigan.

Accreditation by the NAPBC is given to centers that demonstrate compliance with standards established by the NAPBC for treating women who are diagnosed with the full spectrum of breast disease. A breast center that achieves NAPBC accreditation has demonstrated a firm commitment to offer its patients every significant advantage in their battle against breast disease.

The standards include proficiency in the areas of: center leadership, clinical management, research, community outreach, professional education, and quality improvement.

Receiving care at an NAPBC-accredited center ensures that a patient will have access to:

- Comprehensive care, including a full range of state-of-the-art services.
- A multidisciplinary team approach to coordinate the best treatment options.
- Information about ongoing clinical trials and new treatment options.
- Quality breast care close to home.

Services Tailored to You

The Breast Care Center at McLaren Greater Lansing offers individual examination rooms with private dressing areas, medical direction provided by a board-certified breast imaging radiologist, and physicians, clinicians, and staff, all attuned to women's needs and understanding of how vital clinical expertise is to your health and well-being.

The Breast Care Center can help facilitate referrals, follow-up treatment, or consultation with other medical specialists and health care professionals and services as needed.

Breast Imaging Services

- Screening and diagnostic mammography
- Ultrasound and MRI
- Fine needle aspiration and core biopsy
- Specially trained clinicians guide you through each procedure
- The region's first breast MRI and MRI-guided biopsy
- Comprehensive suite of services
- Mammopads create more comfortable mammogram exams
- Services designed with your privacy in mind

Breast Surgical Clinic

We are the region's only comprehensive breast services clinic with a breast surgeon and breast imaging radiologist on site.

If you do have abnormal clinical breast exam findings, our Breast Surgical Clinic offers consultation, treatment planning, and surgery options. The surgical clinic takes referrals from primary care and specialty physicians.

For Your Convenience

All women with breast health concerns are invited to contact us for breast care health, diagnostic testing, and treatment. The Breast Care Center can help with referrals, follow-up treatment, or consultation with other medical specialists and health care professionals as needed.

The Breast Care Center offers:

- Flexible hours
- Free parking
- Saturday appointments
- Two locations: Grand Ledge and Lansing
- Walk-in mammography, no appointment necessary
