

# DIAGNOSTIC IMAGING SERVICES

McLaren Macomb Diagnostic Imaging Centers offer a comprehensive array of diagnostic imaging services featuring advanced imaging technology that is subject to stringent regulatory standards. Our highly skilled doctors, radiologists and technologists work together with each patient's physician to coordinate the highest standard of care.

## SERVICES

- General X-ray
- Diagnostic coronary CT angiography
- Nuclear medicine
- Positron Emission Tomography (PET, CT)
- CT scan, ultrasound, vascular
- MRI (convenient scheduling for physician offices)
- Breast imaging and bone densitometry
- Interventional radiology
  - Angiography, CT guided biopsy
  - Ultrasound guided biopsy

## ACCREDITATIONS

McLaren Macomb Diagnostic Imaging holds all required federal and state licenses and significant certifications and accreditations from national review organizations. Patients can be assured that each imaging center maintains the highest standard of care, treatment and patient safety.

## TECHNOLOGIST CREDENTIALS

All general X-ray technologists are registered with the American Registry of Radiologic Technologists (ARRT) in radiography. All technologists hold one of the following credentials:

- All interventional technologists hold the advanced-level ARRT certification in Cardiovascular-Interventional Radiology (CV) or the advanced-level ARRT certification in Vascular-Interventional Radiology (VI).
- All MRI technologists hold the advanced-level ARRT certification in Magnetic Resonance Imaging (MRI).
- All Nuclear Medicine and PET/CT technologists hold the ARRT certification in Nuclear Medicine (NM) or the dual certification in both Computed Tomography (CT) and Nuclear Medicine (NM), or have been certified in Nuclear Medicine by the Nuclear Medicine Technology Certification Board (NMTCB) and hold the Certified Nuclear Medicine Technologist (CNMT) credential.
- All Sonographers hold the American Registry for Diagnostic Medical Sonography (ARDMS) credential.
- All CT technologists hold the advanced-level ARRT certification in Computed Tomography (CT).

## TECHNOLOGY AND SAFETY

McLaren Macomb utilizes the latest in imaging technology, such as iterative CT and 3D mammography to minimize radiation exposure while maintaining the highest-quality images. Our equipment is inspected regularly to ensure compliance to all safety standards.

## REPORTS

All testing procedures are interpreted by a board-certified radiologist. Reports are faxed to the requesting primary care physician in 24 to 48 hours. Critical results are immediately communicated to the physician.

## REFERRAL REQUIREMENTS AND APPOINTMENTS

- A patient must provide a prescription for diagnostic testing from their physician.
- The referring physician should contact any one of our three imaging service locations to establish patient needs.
- Diagnostic imaging will contact the patient to schedule testing and verify insurance.
- Most appointments are scheduled within 48 hours. We accommodate patients who require urgent testing.

## INSURANCE

McLaren Macomb accepts most major insurance providers.
