

# REHABILITATION THERAPY SERVICES

McLaren Macomb Rehabilitation Therapy Services treat a wide variety of orthopedic and neurological conditions using advanced, hands-on manual therapy techniques. Our rehabilitation team consists of experienced and knowledgeable physical, occupational and speech therapists who work with patients one-on-one, developing individualized exercise programs.

## THERAPIST CREDENTIALS

In addition to State of Michigan licensing, some therapists hold certifications in one or more of the following:

- National Board for Certification in Occupational Therapy (NBCOT)
- American Speech-Language-Hearing Association (ASHA)

## EQUIPMENT

Our facilities utilize state-of-the-art equipment that meets all safety standard guidelines, including:

- Biodex Unweighting System to improve the mechanics of ambulation.
- Dartfish video motion analysis that enables the therapist to digitally record activities to identify any abnormal mechanics.
- Computerized Biofeedback system used for urinary incontinence therapy.

## REPORTS

The patient's primary care physician is sent a detailed report within 48 hours of the patient's first evaluation. A subsequent progress report or a discharge summary is sent to the referring physician in 30 to 60 days.

## REFERRAL REQUIREMENTS AND APPOINTMENTS

- A patient must provide a prescription from their physician for all therapy services.
- We recommend the referring physician office fax a referral to one of our rehab centers. Our office staff will contact the patient and schedule therapy. Patients may also call to schedule therapy.
- In most cases we are able to offer immediate appointments.

## INSURANCE

McLaren Macomb accepts most major insurance providers.
