

SURGERY SERVICES

McLaren Macomb Surgery Services features advanced technology, precision instruments, and is one of the most progressive surgical facilities in Southeast Michigan. Top surgeons perform a wide-range of surgical procedures, including total joint replacement and minimally invasive techniques using laparoscopic and robotic technologies. Other features include:

- Eight spacious surgical suites in the Surgery Center and six well-equipped operating rooms in the main hospital
- Registration, surgery, post-operative recovery and discharge procedures are all located in one dedicated area
- Pre-admission testing to screen all patients
- Operating suites designed for efficiency so delays are less likely
- Comfortable waiting area and protocols for keeping family members informed
- Full-service operating room

SERVICES

We excel at general elective surgeries, in addition to critical or life-saving procedures. McLaren Macomb's surgical services represent a full spectrum of procedures across various specialties, including gynecological, orthopedic, neurologic, urologic, breast, cardiac, vascular, bariatric and cancer surgeries.

McLaren Macomb provides minimally invasive surgical options that reduce patients' hospital stay, accelerate the recovery process and reduce scarring.

ACCREDITATIONS

Certified by the Centers for Medicare and Medicaid Services (CMS), the McLaren Macomb Surgery Center is fully accredited through The Joint Commission (TJC).

ROBOTIC CAPABILITIES

Surgeons at McLaren Macomb are performing an increasing number of procedures using laparoscopic tools or the da Vinci[®] Surgical System.

MACOMB COUNTY'S MOST EXPERIENCED TRAUMA CENTER

Verified by the American College of Surgeons as a Level II Trauma Center, McLaren Macomb is the only hospital in Macomb County to have trauma surgeons at the hospital all day, every day.

OUR SURGICAL TEAM

- Patients can be assured that they are in the hands of highly skilled surgeons, and a team of dedicated clinical staff.
- Our surgical team places high emphasis on providing personalized and compassionate continuum of patient-centered care.
- The surgeons and staff are a part of the large McLaren network, which means they have access to the most advanced techniques and surgical training.
- Many teams of nurses and technicians are dedicated to a particular type of surgery, such as those mentioned above, and are specially trained for that area of work.
- A surgical educator is on-staff to keep the teams up-to-date on new advances.

REPORTS

Surgeons communicate timely and report outcomes to patients' primary care physicians.

INSURANCE

McLaren Macomb accepts most major insurance providers.
