

The search for hope can seem confusing, overwhelming and uncertain. But when seeking care at a Karmanos Cancer Center, hope can be seen all around.

The cancer care team at the Karmanos Inpatient Oncology unit in Pontiac believe that hope begins with keeping the cancer patient in the center of all we do. Each cancer patient is unique. The team of skilled and experienced cancer physicians and experts at our Karmanos Inpatient Oncology unit create personalized treatment plans in collaboration with the patient and family.

We are here to support our patients through prevention, diagnosis, treatment, recovery, and survivorship.

With a patient-focused care philosophy, a team of highly trained and dedicated staff, and use of progressive technology, our McLaren Oakland team does not accept anything less than finding the best possible treatment plans that offer the best possible outcomes for our patients. Our new leading edge inpatient oncology unit will dramatically change the way care is delivered to patients facing a cancer diagnosis.
