MACOMB

DOING WHAT'S BEST.®

At McLaren Macomb Vein Center, patients are in the hands of board certified vascular surgeons and certified professionals. The office is located in an updated facility which is comfortable and inviting to patients. We feature the latest in state of the art vascular diagnostic and therapeutic equipment used for the treatment of venous disease. Most treatments are minimally invasive. Our board certified vascular surgeons are experts in medical and cosmetic treatment of spider veins, varicose veins, and chronic venous insufficiency.
