

OF COURSE, SHE GETS HER OWN ROOM.

At McLaren Macomb, we have assembled a team of OB/GYN physicians from a wide variety of backgrounds to meet your health care needs before, during and after pregnancy. In addition to comprehensive prenatal care at physician offices throughout Macomb County, McLaren Macomb offers birthing education and child care classes to help new mothers prepare for their special delivery. Our Family Birthing Center is staffed by a team of experienced nurses focused on meeting the unique needs of each patient. All this, with 15 private birthing suites where mom and baby can share their first moments.

Whether you're preparing to become a new mother or considering robotic gynecological surgery, McLaren Macomb's OB/GYN team is prepared to provide the care you need. You can feel comfortable sharing your questions or concerns with our experienced and compassionate OB/GYN physicians.
