

## DEDICATED TO QUALITY

McLaren Medical Laboratory focuses on maintaining a state of continuous quality improvement in all testing processes and services that impact patient care. Lean practices and state-of-the-art instrumentation support our laboratory in providing accurate, expedited test results while decreasing unnecessary follow-up testing and redraws.

By eliminating redundant laboratory instruments and resources, we also pass along significant cost-savings to those we serve.

For more information, or if you are a health care organization interested in our testing services, please contact Tailer Przybylowicz, Business Development Specialist, at (810) 396-5706, tollfree at (855) 769-7030, or visit our website at [mclaren.org/lab](http://mclaren.org/lab).

## QUALITY & CONVENIENCE FOR YOUR PATIENTS

McLaren Medical Laboratory was established to serve the needs of the medical community throughout the state of Michigan. We serve physicians, clinics, skilled nursing facilities, and hospital laboratories with customized services available upon request.

Today, we provide the highest quality laboratory services with a full range of testing options, all in an efficient, safe and cost-effective manner. Our goal is to provide you and your patients with accuracy, speed, convenience, and comprehensive services.

McLaren Medical Laboratory provides statewide coverage and conveniently located draw sites in and around McLaren hospital facilities. Our state-of-the-art core laboratory is based in Flint, Michigan.

## WHY OUR CLIENTS CHOOSE McLAREN:

Our Cardiac Catheterization lab is newly renovated and provides state of the art equipment for advanced diagnostic and treatment options, including minimally invasive cardiac and vascular procedures, including:

- Competitive pricing realized through efficiencies and cost-saving measures
- Courier service throughout Michigan
- Online test directory with complete ordering and submission details
- Necessary supplies to help facilitate specimen collection and submission
- Ordering, billing and resulting methods to suit your unique needs

- Extensive test menu with capabilities to serve all types of health care providers
- Service available 24/7, 365 days a year

## FAST TURN-AROUND TIMES

We return accurate results to your office within 24 hours for most routine tests. In addition, we can communicate results by phone, fax, courier, or electronically. We also offer order entry via electronic medical record connectivity or standalone 4medica system.

## SPECIAL HANDLING OF CRITICAL RESULTS

Critical test results detecting life-threatening conditions are retested immediately for accuracy. These results are phoned to your office right away. When necessary, additional testing can be performed at your request to assist in diagnosis.

## PROFESSIONAL PARTNERSHIPS

We are able to provide better services to your patients by partnering with local pathologists who are board certified in clinical and anatomic pathology, dermatopathology, cytopathology, and hematopathology.

## CONVENIENT BILLING ARRANGEMENTS

We make payment easy. At your request, we can bill the patient, third-party payers under limited circumstances, and/or your office for services provided. Most insurance plans are accepted.
