

MCLAREN GREATER LANSING FAMILY MEDICINE

At McLaren Greater Lansing Family Medicine, we provide expert care for patients of all ages and medical conditions. This includes care of newborns, children, adolescents, adults, and seniors.

McLaren Greater Lansing Family Medicine provides compassionate and comprehensive primary care for all ages and family types. We are a resident teaching facility. This means that we have resident doctors who may provide your care. Residents are doctors who are completing a three-year family medicine residency to become a board-certified family medicine doctors and they work closely with our expert faculty doctors to create a seamless patient experience.

Services available at McLaren Greater Lansing Family Medicine include:

- Well child exams, sports physicals, and adult annual physicals
- Geriatric care
- Vaccination
- Chronic disease management
- Patient education and preventative medicine
- Office procedures: minor in-office procedures including skin tag and mole removal, female exams and various birth control methods, in office heart (ECGs) and lung (spirometry) assessments, joint injections
- Osteopathic Manipulative Medicine (OMM) - a hands-on approach to diagnosing and treating dysfunctions of the bones and muscles

MULTI-SPECIALTY CLINIC

The Multi-Specialty Clinic is a unique approach to health care and graduate medical education in our community.

Designed to make it easier for patients and their families to access medical services in the Lansing community, the clinic serves as a valuable health care resource, offering high-quality clinical care across several medical disciplines, including internal medicine and obstetrics and gynecology.

The Multi-Specialty Clinic maintains McLaren Greater Lansing's long-standing commitment as the largest teaching program in mid-Michigan. By partnering seasoned attending physicians in our community with newly graduated physicians (residents and fellows), we are able to provide affordable, high-quality clinical care to our patients while ensuring the availability of future generations of expertly trained physicians for our community.

Health care services available through the Multi-Specialty Clinic include:

- Internal Medicine
- Obstetrics and Gynecology
- Laboratory services
