Olivet Nazarene University  
Bourbonnais, IL

As a nurse midwife, Hannah has training in:

- Labor and delivery
- Annual gynecologic physicals and screenings
- Family planning and pre-conception counseling
- Coordinating with specialty care as needed

DOING WHAT'S BEST.®

Hannah Bieber, CNM, completed her Master of Science in Nursing, Midwifery program from University of Michigan in 2021. Prior to earning her master's degree, Hannah was a float and a labor and delivery nurse for three years. She cares for her patients with a listening ear and is passionate about empowering women to make informed decisions about their health care. Her most cherished moments as a midwife are watching the family cry in joy once the baby is born. Her goals are to help increase the practice so more people can have access to midwifery care and to mentor fellow midwives.
