SPECIALIZED TREATMENT FOR HEAD & NECK CANCER

If you have been diagnosed with cancer of the head and neck region, you are located close to one of the country's best cancer centers for treatment. The decision and need for surgery will be determined by your cancer care team of oncologists. Your next step is to meet with one of our head and neck specialists for further evaluation and surgical treatment planning.

OUR HEAD & NECK CANCER SPECIALISTS

Our oncology nurse navigators work closely with each patient to help them understand and manage their health care needs. They are a dedicated team member through your health care journey to ensure you have seamless and coordinated care.

George Yoo, MD, FACS OTOLARYNGOLOGY SURGICAL ONCOLOGY

Jeffrey M. Hotaling, MD OTOLARYNGOLOGY SURGICAL ONCOLOGY

HEAD & NECK CANCERS TREATED

Our cancer support services are offered regularly and are open to anyone touched by cancer, including current patients and survivors, their family, friends and caregivers.

- Esophageal cancer
- Laryngeal cancer
- Lip/Oral cavity (hard palate) cancer
- Melanoma
- Nasopharyngeal cancer
- Neck cancer
- Nose cancer
- Oropharynx (soft palate) cancer
- Salivary gland cancer
- Sinus cancer
- Skin cancer (basal & squamous cell)
- Throat cancer
- Thyroid cancer

Should you need additional treatment, our head & neck cancer specialists work closely with the medical and radiation oncologists at the Flint campus to ensure you receive the best treatment plan. Additional treatment may include chemotherapy, radiation, or proton therapy.
