HOW DOES IT WORK?

McLaren's Prescription Savings Program is a free service that helps patients save on prescriptions whether or not they have insurance, covers more than 10,000 of the most commonly filled prescriptions, and is accepted at more than 35,000 pharmacies nationwide—including Walgreens, CVS, Walmart, Target, Kroger, Duane Reade, and more. McLaren's Prescription Savings Program is not an insurance and cannot be used in conjunction with an insurance co-pay, however, prescription costs in the program are often lower than insurance co-pays.

HOW CAN I START SAVING?

You can access the program in several ways. The most convenient is to visit www.mclaren.org/rxsavings, find prescription savings and participating locations, and send yourself a savings card or coupon through email, text, or print on-demand. Patients can also find cards and coupons at every McLaren facility. Simply show the savings card or coupon to the pharmacy and discounts will automatically be applied! There is no sign-up process and no collection of any personal data at any time.

WHO CAN USE MCLAREN'S PRESCRIPTION SAVINGS PROGRAM?

While McLaren Health Care created the McLaren Prescription Savings Program for the benefit of its patients, there are no eligibility requirements or restrictions, and anyone can enjoy the benefits of the program.
