PATIENT TRANSFER CONSENT FORM

SECTION TO BE COMPLETED BY THE PHYSICIAN

I. Patient Condition
 Does the patient have an emergency medical condition? Yes No

Select One:
 Stable The patient has been evaluated and the emergency medical condition, no further deterioration of the patient's condition is likely to result from transfer. No other significant issues have been identified as associated with the patient's condition.
 Delivery Not Imminent Other emergency medical condition, no further deterioration of the mother or child is likely to result from transfer.
 Unstable The patient's condition can be stabilized prior to transfer.
 Delivery Imminent The patient is a pregnant woman having contractions and there is inadequate time to safely transfer her to another location before delivery or transfer may pose a threat to the health or safety of the mother or the unborn child.

TO BE COMPLETED WHEN TRANSFERRING AN UNSTABLE PATIENT

The patient's emergency medical condition has not been stabilized. I have explained to the patient/legal representative the risks and benefits of transfer and medical treatment at the receiving facility.
 I certify that based on the reasonable risks and benefits to the patient, and based on information available at the time of the patient's examination, the medical benefits reasonably expected from the provision of appropriate medical treatment at another facility outweigh the increased risk, if any, to the patient's medical condition from effecting transfer.
 I am unable to certify that the increased risks to the patient from effecting transfer are outweighed by the reasonably expected medical benefits of appropriate treatment at the receiving facility.

Other Risks/Benefits of Transfer: _____

II. Reason for Transfer
