

CONGRATULATIONS ON YOUR NEWBORN!

One of the first things you will need to do for your baby's wellbeing is to add them to your insurance policy.

Insurance Company's require your new addition be added within 30 days of birth. Without the proper enrollment you may expect a bill for the baby's stay with us.

We suggest:

- If insurance is through employer, contact your Human Resources Department
- If privately insured, contact the number on your card for instructions
- If insured through a Medicaid product, contact your DHS worker

Once your baby has been added, contact us:
