

THE DISCHARGE LOUNGE

A COMFORTABLE PLACE FOR YOU

When you are ready to go home from the hospital, but still waiting for your ride, you can wait comfortably in our Discharge Lounge until your ride arrives.

Overview of the Discharge Lounge

The Discharge Lounge was established to address capacity challenges within the hospital. The goal of the Discharge Lounge is to provide an open space for patients who are medically ready for discharge but awaiting transportation out of McLaren Flint. By facilitating earlier discharges and opening beds on inpatient floors, the lounge aims to improve patient flow and ultimately decompress the ED.

When you are ready to leave the hospital, your care team will work with you to ensure a smooth transition. If you are ready to go but need to wait for your ride home, our Discharge Lounge is a comfortable place for you to wait free from the noises of the hospital unit.

The Discharge Lounge is conveniently located between the Emergency Department and the Main Lobby, so you don't have to wait by the front doors and your ride will not have to enter the hospital to find you.

The Lounge has big windows so you will be able to see your ride arrive. In the meantime, you can enjoy a comfortable chair and watch some T.V. You will also be able to purchase a snack from the vending machine or enjoy a cup of coffee from the coffee station.

Hours of Operation:

Open daily from 8am-8pm

Amenities

 Television	 Comfortable Seating	 Charging Outlets
