YOUR PARTNER IN DELIVERING QUALITY, COMPASSIONATE HEALTHCARE

KSP is the preferred specialty pharmacy for McLaren Health Care Corporation. The specialty pharmacy team has proudly served cancer patients for years and is now pleased to expand services beyond oncology.

KSP supports providers and patients by facilitating a seamless continuum of care through the entire therapy journey. Our clinical team has access to internal electronic medical records, unlike our competitors. This enhanced feature allows us to effectively communicate with you and your patients for real-time updates on patient progress.

The knowledgeable pharmacists at KSP commit to providing exceptional support for patients with complex health conditions through every stage of the clinical journey.

SERVICES

KSP provides benefits to specialty providers and patients as we work together toward our mission of delivering best-in-class patient care and customer service.

Collaborative Provider Partnership

- Real-time updates to patient records
- Simple and efficient methods to send prescriptions
- Streamlined EHR

High Touch Patient Care

- Disease state education
- Drug administration training
- Medication education
- Side effect management
- 24/7 clinical support by phone

Patient Benefits and Financial Assistance

- Most insurance authorizations in less than one business day
- Financial assistance resources and support
- Social worker on staff

Clinical Care

- Clinical assessments
- Adherence monitoring
- Quick start to therapy

PRESCRIPTIONS MADE EASY

Patients with specialty medications encounter difficult challenges as they manage complex health conditions. Our goal at KSP is to make their therapy journey as easy as possible.

Patients can refill prescriptions, check prescription status, and schedule reminders, all from a convenient mobile app and texting platform.

- Alerts when prescriptions are ready
- Convenient refills by simply scanning prescriptions
- Reminders to take medications
- Up-to-date prescription lists
