CONSENT TO OPERATION OR OTHER PROCEDURE
1. I have been told by my physician... that my present condition or conditions may effectively be
worsened by the following procedure(s):
I hereby authorize my physician and the associates and assistants selected by him to perform the described procedure(s):
2. I understand that unforeseen circumstances may arise during an operation or procedure, and may require performance of
operations or procedures different from or in addition to those originally planned. In order to safeguard and promote the well
being of the patient, I consent to such other or additional surgery, procedures, or therapies as may be considered necessary
or advisable by my doctors under such circumstances. I authorize and request that my Physician, his assistants or his
designees, perform such additional procedures as are necessary if at an adjacent facility, I consent to transfer to McLaren
Flint main campus in the event that my condition warrants such a transfer.
3. I am aware that McLaren Flint is a resident teaching facility and that physician residents and/or medical students may be
involved with my care under the supervision of my physician. I consent to their involvement and participation in my treatment
planning and care.
4. I understand that such procedure(s) may involve transfusion of blood or blood cell products. I have been made aware
that, despite routine screening procedures, use of blood and blood cell products always carries some risk of transmissible
disease, including hepatitis virus, or other blood-borne agents. I give authorization to administer to me during the
procedure(s):
c. ) regular blood or blood products from the Blood Bank;
c. ) autologous blood only (blood I have given); in the absence of the sufficient quantity of blood I have given, I understand
regular blood or blood products from the Blood Bank will be used.
c. ) designated (donated) donations only.
c. ) no blood products.
5. I agree to the use of anesthesia and/or sedation as deemed appropriate by the anesthesiologist or his/her designee. It has
been explained to me that all forms of anesthesia involve some risks and although rare, unexpected severe complications
may occur including but not limited to: mouth or throat pain, injury to mouth or teeth, infection, injury to blood vessels,
headache, backache and others. It has been explained to me that sometimes an anesthesia technique which involves the
use of total anesthesia with or without sedation, may not succeed completely and therefore another technique may have
to be used including general anesthesia. I consent to the anesthesia service discussed with the anesthesia provider. I also
consent to an alternative type of anesthesia if necessary as deemed appropriate by my anesthesia provider.
6. I acknowledge that full discussion has taken place between my physician and me prior to the procedure(s). I have
authorized that the advantages and disadvantages of such procedure(s) including the risk of infection, have been explained
to me, and that alternative methods of treatment have been discussed with me. I have been made aware of certain risks(s)
and consequences that are associated with the procedure(s) described in Paragraph 1 and understand that submitting to
the procedure(s) may endanger my life or future health. I am aware that the practice of medicine and of surgery is not an
exact science, and I acknowledge that no guarantees have been made to me concerning the results of the procedure(s).
