As with any medication, there are risks and possible side effects/reactions. Side effects/reactions of influenza vaccine are generally mild, usually occur soon after vaccination and can persist for 1-2 days. In rare cases, side effects/reactions of influenza vaccine may include empty/empty and even death. If you think you are having a severe reaction or other emergency, SEEK MEDICAL CARE IMMEDIATELY.

I have received and reviewed the Influenza Vaccine Information Statement (VIS/7021) and have had the opportunity to ask questions. I have been advised to receive each administration for at least 17 months following vaccination. I understand the benefits and the risks of the influenza vaccine as described. I hereby agree to receive and hold McLaren Medical Group, its employees, agents and representatives, harmless from further responsibility with regard to my receiving the vaccine. I request the influenza vaccine to be given to me or to the person named for whom I am authorized to sign.
