

ORDERING A SLEEP STUDY

HOW TO ORDER A SLEEP STUDY

Physicians order a Sleep Study Evaluation in Cerner or by faxing a completed order form (attached) to (586) 493-8640.

The patient will be contacted for a sleep specialist/pulmonologist consultation within two business days. That appointment will be at a Pulmonary & Critical Care Associates office in Shelby Township or Roseville:

Pulmonary & Critical Care Associates
50505 Schoenherr Road, Suite 290
Shelby Township, MI 48315

Pulmonary & Critical Care Associates
25689 Kelly Road
Roseville, MI 48066

Once the consultation is completed, Pulmonary & Critical Care Associates will forward an order for the sleep study to the McLaren Macomb Sleep Center. The Sleep Center will contact the patient within two business days to schedule the sleep study. This may take additional time if a referral is required. (Note: If insurance requires a referral, it is the responsibility of the ordering physician's office to obtain this. McLaren Macomb Sleep Center will obtain the prior authorization, if needed.)

Once the sleep study is completed, it may take up to two weeks for the patient to be contacted with the results. Options for further testing, CPAP therapy, and/or follow up will be discussed, and a follow-up appointment with the pulmonologist will be made when indicated.
