**10 things to know about your new Medicare card**

Medicare is mailing new Medicare cards starting in April 2018. Here are 10 things to know about your new Medicare card:

- 1. Mailing takes time:** Your card may arrive at a different time than your friend's or neighbor's.
- 2. Destroy your old Medicare card:** Once you get your new Medicare card, destroy your old Medicare card and start using your new card right away.
- 3. Guard your card:** Only give your new Medicare Number to doctors, pharmacists, other health care providers, your insurers, or people you trust to work with Medicare on your behalf.
- 4. Your Medicare Number is unique:** Your card has a new number instead of your Social Security Number. This new number is unique to you.
- 5. Your new card is paper:** Paper cards are used by many providers to use and copy, and they save taxpayers a lot of money. Plus, you can print your own replacement card if you need one!
- 6. Keep your new card with you:** Carry your new card and show it to your health care providers when you need care.
- 7. Your doctor knows it's coming:** Doctors, other health care facilities and providers will ask for your new Medicare card when you need care.
- 8. You can find your number:** If you forget your new card, you, your doctor or other health care provider may be able to look up your Medicare Number online.
- 9. Keep your Medicare Advantage Card:** If you're in a Medicare Advantage Plan (like an HMO or PPO), your Medicare Advantage Plan ID card is your main card for Medicare -- you should still keep and use it whenever you need care. However, you also may be asked to show your new Medicare card, so you should carry this card too.
- 10. Help is available:** If you don't get your new Medicare card by April 2018, call 1-800-MEDICARE (1-800-633-6227). TTY users can call 1-877-486-2048.
