McLaren Health Care believes in empowering patients to manage their health by providing convenient access to their health information. That's why we've created My McLaren Chart, a secure online portal where patients can access their medical information 24 hours a day, seven days a week.

With a free My McLaren Chart account, patients can:

- Access their medical information 24 hours a day, seven days a week
- Review clinical summaries and care instructions about recent visits
- Get lab and test results

All you need to create a My McLaren Chart account is to provide a valid email address during registration at the hospital or your next visit to a McLaren physician office or outpatient facility.
