The McLaren Stroke Network offers a free education and support program series for stroke patients, people at high risk of a stroke, family members of stroke patients, and the community. The first half of the meeting is reserved for the education series and any questions from the attendees to improve their knowledge of stroke, therapies and treatment, and prevention. The second half of the meeting is allocated for sharing and support for the survivors and their friends, family and caregivers.

The McLaren Stroke Network is pleased to provide access to stroke education and support series to as many stroke patients and caregivers in Michigan as possible by joining in person or virtually. Use the QR code on your smart device or type [www.mclaren.org/flint/flintstroke-education-and-support](http://www.mclaren.org/flint/flintstroke-education-and-support) into your internet address bar and scroll to the bottom of the page to join virtually. Links to all the virtual groups are provided on the website and use the Zoom platform. Attend the group that best fits your life, schedule, or location.

If you have any questions regarding support groups, please call the Neuroscience Coordinator, at (810) 342-5706.
