

WE ASK BECAUSE WE CARE.

Respectful Care Starts with Understanding

Your health is important to us. When being treated at a McLaren location, you will be asked:

- REaL (race, ethnicity and preferred language)
- SOGI (sexual orientation and gender identity)
- Religious, spiritual, and cultural needs

Why? Our goal is to provide exceptional care to all patients. Asking questions about your preferred language, race, ethnicity, sex, sexual orientation and gender identity is consistent with our commitment to patient safety, quality, and achieving the best outcomes. By understanding our patients' unique needs and preferences, we can provide more effective and personalized care tailored to you.

Who sees this information? Your information is confidential and only shared among your healthcare providers within McLaren Health Care.

*For more information, visit mclaren.org/WeAskBecauseWeCare or email WeAskBecauseWeCare@mclaren.org
Interpretation services are provided free of charge.*
