

# MCLAREN HEALTH MANAGEMENT GROUP

A subsidiary of McLaren Health Care, McLaren Health Management Group provides home health, palliative care, hospice, home infusion and comprehensive laboratory services across the McLaren Health Care system's statewide network.

For more information about McLaren Health Management Group's services or locations, visit [mclaren.org/healthmanagement](http://mclaren.org/healthmanagement), or call **(866) 323-5974**.

## HEMECARE

McLaren Homecare delivers clinically excellent, compassionate health care to patients where they are most comfortable – at home. Services are tailored to the unique needs of each patient and may include nursing, therapy or telehealth monitoring. McLaren Homecare also offers home-based specialty programs for balance and mobility, chronic disease management, hip and knee replacement, and stroke care.

## PALLIATIVE CARE

Specialized medical care for people with serious illness, palliative care is focused on providing relief from the symptoms and stress of a chronic condition. McLaren Palliative Care can help if your patient is dealing with a severe medical condition, experiencing discomfort, or facing complex health decisions.

## HOSPICE

McLaren Hospice provides health care with an emphasis on quality of life at the end of life. Focused on treating the whole person, our hospice team provides personalized medical, psychological and spiritual support services related to life-limiting illness. In addition,

McLaren Hospice offers volunteer services and grief support.

## HOME INFUSION

McLaren Home Infusion provides patients the intravenous medications and fluids they need in the comfort of their own home. Home infusion is safe and effective, offering patients privacy, comfort, convenience, and individualized education.

## LONG-TERM CARE PHARMACY

McLaren Long-Term Care Pharmacy provides customized medication management services to skilled nursing facilities, adult foster care homes, assisted living facilities and hospice agencies.

## MEDICAL LABORATORY

McLaren Medical Laboratory provides comprehensive clinical and anatomical pathology services for the medical community, both for outpatient testing and non-urgent inpatient testing.
