EXPERT CARE

For the best physical, occupational or speech therapy services, McLaren Macomb is the rehabilitation program of choice in the communities we serve.

Our skilled professionals are experts in the rehabilitation of injuries and postoperative care for muscle, tendon, spine and neurological conditions.

Our services feature individualized therapy from expert staff with advanced clinical training in manual therapy, women's health, vestibular rehab, hand therapy and sports medicine.

Our outcome-based approach means you will receive the best quality care to meet your specific health needs.
