## PRIVATE INTENSIVE CARE UNIT (ICU) WAITING ROOM USE GUIDELINES

The private ICU waiting rooms were generously funded by the McLaren Northern Michigan Foundation. The intent is to have a quiet, private place for families to gather when a loved one is in critical condition in the ICU.

### WHO CAN USE THESE ROOMS?

Families and support people of patients who are critically ill in the ICU. Use of the rooms will be determined and evaluated daily by the care team, on a case-by-case basis. Normal ICU visitor guidelines apply.

### HOW CAN I USE THE ROOM?

Speak to ICU staff before using a room. When given permission, a McLaren staff member will assign a room number to you. It will remain unlocked for the duration of use.

### WHEN CAN FAMILIES BE IN THE ROOMS?

Rooms can be used during normal visiting hours, 8 am - to 9 pm. Sometimes visitors are allowed to use the rooms outside of normal visiting hours. The ICU care team makes this decision based on the ICU patient's status. Visiting restrictions are subject to change based on the most recent COVID/infectious disease guidelines in place according to hospital policy.
