A LIFETIME OF DIFFERENCE

The McLaren Neurologic Rehabilitation Institute provides comprehensive, specialized outpatient services to help people overcome disabilities associated with neurological conditions, such as: CVA, Brain Injury, Parkinson's, Spinal Cord Injury and other conditions. Our goal is to empower and support each person's ability to live independently, re-enter the work force, or return to school. Though a brain injury may occur suddenly, recovery is often a gradual process – a period of time when McLaren's caring professional team can make a lifetime of difference for someone you love.

ADMISSION TO THE PROGRAM

Eligibility Criteria:

- Physician's referral
- Neurological diagnosis or other conditions
