Medicare Outpatient Observation Notice

Patient Name: Patient Number:

You're a hospital outpatient receiving observation services. You are not an inpatient because:
Your current diagnosis and treatment plan do not meet the requirements outlined by Medicare for inpatient status.
Based on your current diagnosis and treatment plan, your physician does not anticipate that your stay will exceed 2 midnights.
You are currently being observed following an outpatient procedure.
Other:
Your treating physician will reassess your condition and the Utilization Management Nurse will notify you if your status changes.

Being an outpatient may affect what you pay in a hospital

- When you're a hospital outpatient, your observation stay is covered under Medicare Part B.
For Part B services, you generally pay:
A copayment for each outpatient hospital service you get. Part B copayments may vary by type of service.
20% of the Medicare-approved amount for most doctor services, after the Part B deductible.

Observation services may affect coverage and payment of your care after you leave the hospital

- If you need skilled nursing facility (SNF) care after you leave the hospital, Medicare Part A will only cover SNF care if you've had a 3-day minimum, medically necessary, inpatient hospital stay for a related illness or injury. An inpatient hospital stay begins the day the hospital admits you as an inpatient based on a doctor's order and doesn't include the day you're discharged.
If you have Medicaid, a Medicare Advantage plan or other health plan, Medicaid or the plan may have different rules for SNF coverage after you leave the hospital. Check with Medicaid or your plan.

NOTE: Medicare Part A generally doesn't cover outpatient hospital services, like an observation stay. However, Part A will generally cover medically necessary inpatient services if the hospital admits you as an inpatient based on a doctor's order. In most cases, you'll pay a one-time deductible for all of your inpatient hospital services for the first 60 days you're in a hospital.

If you have any questions about your observation services, ask the hospital staff member giving you this notice or the doctor providing your hospital care. You can also ask to speak with someone from the hospital's utilization or discharge planning department.

You can also call 1-800-ME DICATION (1-800-633-4227). TTY users should call 1-877-486-2048.

Spec Info: Need only 250.
