**AN ANNUAL FLU VACCINATION IS AN IMPORTANT STEP  
IN STAYING HEALTHY FOR US, AS WELL AS OUR PATIENTS.**

- WHO:** McLaren is requesting that ALL employees participate in the annual flu campaign, either by receiving the annual flu vaccination or signing an informed declaration. This policy applies to all active McLaren Health Care employees and health care professionals (corporate and subsidiary employees), including (but not limited to) physicians, dentists, podiatrists, psychologists, nurse practitioners, and physician assistants with privileges at any McLaren Health Care site. HCP also includes members of the medical staff at any McLaren site. Also included are contract employees, vendor representatives, students, volunteers, and independent contractors.
- WHAT:** Flu Vaccination
- WHEN:** October 1 thru December 31
- WHERE:** Each subsidiary employee health clinic will hold flu vaccination days, have open walk-in hours and make rounds to the hospital clinical areas. Employees in non-clinical areas should watch the Flu Resource Page for flu clinic hours in your area.
- DECLINATIONS:** Individuals wishing to decline vaccination will be required to sign an informed declaration form stating their rationale for declining. Please submit completed documents to your local Employee Health office. Forms can be found on the McLaren Flu Resource Page or your local Employee Health Office. If you have a signed declaration from 2023, you do not need to re-submit.
- OPTIONS:** Employee Health will accept outside documentation of flu vaccination. Please complete the appropriate form and return it to employee health at your subsidiary. Forms can be found on the McLaren Flu Resource Page or your local Employee Health Office.

**Spec Info:**

See McLaren's Flu Resource Page on McLaren's Intranet ([www.mclaren.org/flu/vaccine25/](https://www.mclaren.org/flu/vaccine25/)) for answers to your questions and important information regarding the declaration process.  
If you would like more information on the vaccine, potential side effects, and what strains are in this year's shot, check out the CDC's Flu Vaccine page. It has tons of useful information.
