A SPECIAL APPROACH

To give you the best possible care at every age from adolescence and childbearing years to life after menopause, we emphasize three principles:

Medical Excellence

Our physicians continually update their knowledge and skills to provide you with outstanding medical care and experience in state-of-the-art gynecologic surgical procedures and obstetrics. Our practice offers advanced technology in a relaxed setting.

Individual Care

You are not a medical chart. You are a person. Our goal is to make you feel comfortable and secure, and we encourage a trusting and open doctor/patient relationship.

Patient Involvement

We support your right to have complete information and active participation in all

aspects of your health care. Our doctors and staff are compassionate listeners who will educate you about preventive care and all treatment options.

SERVICES OFFERED:

Gynecology

- Yearly gynecological exam and Pap tests
- Birth control
- Menopause/hormone replacement therapy
- Diagnosis and treatment of gynecological disorders such as bladder control problems, menstrual difficulties, and pelvic pain/endometriosis
- Gynecological surgery
- Robotic surgery
- Laparoscopic minimally invasive surgery
- Treatment of urinary incontinence
- Pelvic reconstructive surgery

Obstetrics

- Complete prenatal, delivery and postpartum care
- Certified nurse midwives
- Vaginal birth after Cesarean delivery
- Childbirth classes
- Lactation programs
- Skilled surgical care

McLaren Family BirthPlace

With the exception of Cesarean deliveries, your entire stay will take place in your private suite. Cesarean births are performed in the dedicated operating room in the Family BirthPlace. Registered nurses care for you during your entire stay so you can relax in comfort knowing you are in good hands.
